

ANTHRACITE COAL WILL BE REDUCED DURING SUMMER

Price 30c Less Per Ton
Between April 1
and Sept. 1

WASHINGTON, March 8.—An average reduction of thirty cents a ton in the retail price of all anthracite coal sold for domestic use between April 1 and Sept. 1 was announced tonight by the fuel administration together with regulations governing the retail distribution of all coal for the year beginning the first of next month. The rules are designed particularly to prevent hoarding and insure the filling of all domestic needs for next winter during the summer months.

Also no reduction in the retail price of bituminous coal to consumers was made. The fuel administration today gave an announcement of revised prices for such coal at the mines, the first made public showing sharp reductions in Colorado, Wyoming and Montana. Prices for Iowa are almost completed and those for other states will be announced as soon as determined. The idea is for a general revision before the beginning of the coal year on April 1.

In explaining the reduction in the price of anthracite the bulletin said the bulk of this coal is used for domestic consumption. The thirty cents reduction was determined upon the statement said in lieu of the reductions heretofore voluntarily offered by dealers to encourage early buying for the following winter's needs and which ranged from fifty cents in April to 10 cents in August. "It is felt," the statement said, "that this reduction will be fairer to the public inasmuch as coal is expected to be ordered in April in such quantities that it will prove impossible to make all deliveries during that month or for some time to come."

"Under a sliding scale of reductions it would be difficult if not impossible to treat all consumers equally even though their orders had been filled upon the same date while with an average reduction extending over the entire period all consumers are treated alike."

While recommending and encouraging purchases of coal as early as possible in order to insure delivery and as much as possible before next winter, the administration says it is determined to prevent any undue hoarding. To that end the retail distribution plan includes a system of reports on deliveries by retailers, all will be prohibited from delivering in excess of the normal requirements of the customer.

As a further safeguard at the discretion of the local fuel administrator, each customer ordering coal may be required to submit a certified statement giving details of his requirements, his supply on hand and the amount he has ordered from various dealers. Certification of a false statement would be made subject to prosecution under the Lever act, which imposes a fine of \$5,000 or two years imprisonment.

The regulations are as follows: (a) Until further notice no domestic consumer of coal or coke shall purchase, receive or otherwise take possession of more coal or coke than is required for his actual and necessary requirements prior to March 31, 1918. If such consumer already has a quantity on hand he shall receive only such additional amount as shall make up his actual and necessary requirements prior to that date.

(b) No person, firm, association or corporation when acting alone or in conjunction with others shall, directly or indirectly, provide any domestic consumer of coal or coke with more coal or coke before March 31, 1918, than is necessary with the amount already on hand to meet the actual and necessary requirements of such consumer prior to that date.

(c) On and after April 1, 1918, no person, firm, association or corporation shall sell or deliver coal to a domestic consumer who does not furnish to the person selling or delivering such coal a statement which the consumer declares in writing to be true and which specifies (1) the amount of coal the consumer has on hand, (2) the amount of coal he has on order and the name of the person from whom ordered, (3) the amount of coal used by him in the twelve months ending March 31, 1918, and (4) the amount of coal needed to meet his actual and necessary requirements prior to March 31, 1919; provided however, that this regulation may be modified by any state fuel administrator within his own state under such circumstances and conditions which he may deem proper.

(d) On and after April 1, 1918, and until further notice, no retail dealer shall, unless authorized by the state fuel administrator deliver or cause to be delivered to any domestic consumer more than two thirds of his normal annual requirements of anthracite coal until each domestic consumer who has placed his order with said dealer and is willing to receive delivery of the same has received two thirds of his normal annual requirements for the year ending March 31, 1919; provided, however, that orders of six tons or less may be filled in full.

(e) Carload or barge load lots shall not be delivered to a single domestic consumer or to a group of

CHICAGO DRY PETITION ATTACKED BY WETS

Election Board Investigating the Charges Made by Representatives of the Liquor Interests—53,672 Of Signatures Claimed Illegal.

Chicago, March 8.—The petition containing 140,790 names filed by the Chicago Dry Federation with the election commissioners asking to have the question of closing all the city's saloons submitted to the voters at the April election was subjected to two attacks today. The election board acting on advice of its attorney began an investigation of charges made by the representatives of the liquor interests that the petition contains 53,672 illegal signatures or 10,621 less names than the law requires. Every name on the petition will be checked by wards before the inquiry is concluded. The saloon men are seeking to prevent having the question submitted to the voters at the spring election.

The grand jury today began an investigation of charges made by the liquor interests that forgery and perjury was committed by many of those who prepared the dry petition. Evidence was presented against eight persons.

Attorney Levy Mayer, who is one of those leading the fight to have the dry petition declared invalid, was denounced today by Philip Yarrow of the Chicago Dry Federation at a luncheon given to former governor Chase Osborne of Michigan.

Mr. Osborne spoke briefly in favor of prohibition. "The stopping of the sale of intoxicating liquors in the United States is a necessary economic and war measure," he said. "I have no sympathy whatever with the contention that a question of this kind should be suspended or deferred until the close of the war."

REORGANIZATION OF WAR COUNCIL ANNOUNCED

Major-General March Officially Made Chief of Staff—Major-General Goethals and Edward R. Stettinius Added To Personnel.

Washington, March 8.—Reorganization of the war council was announced today by the war department with Major-General March, acting chief of staff in the place formerly filled by General Bliss with Major-General Goethals, acting quartermaster general, and Edward R. Stettinius, surveyor of purchases, added to the personnel.

It was stated by Secretary Baker when the war council was first organized that he probably would make changes in the personnel from time to time and also that members of the council would be relieved at intervals in order that they might visit the war zone. The addition of General Goethals and Mr. Stettinius is in line with the policy of having every important division of the department represented in the daily conferences of the war council. General Goethals is acting quartermaster general and is in active charge of the distribution of army supplies.

The work of securing delivery of these supplies has been largely delegated to Mr. Stettinius. It is stated officially that General Goethals' new duties will not result in the appointment of any new head acting or otherwise for the quartermaster department corps.

A statement issued at the custom house said that Dr. Frank Erdwurm, a lieutenant commander in the naval reserve had tried to dispose of the drug for Lammers and had made a full statement of his connection with the case.

The drug was brought over by Lammers in a trunk aboard the Steamship Nieuw Amsterdam Feb. 2. It was concealed in tubes inserted into 2,000 holes bored into the edges of the boards of the trunk before it was shipped. The attempt by Dr. Erdwurm to dispose of the drug led the custom man to his apartment where it was stated the trunk was found. Had the carpenter who made the trunk not used green timber the scheme might have worked successfully but steam heating actin on the unseasoned wood caused the joints to swell disclosing the tubes.

A. & J. OFFICIALS CALLED BEFORE COMMISSION

Springfield, Ill., March 8.—Officials and attorneys of the Alton and Jacksonville Railroad Company, authorized to abandon their lines, were cited today to appear on Tuesday, March 12, before the public utilities commission to show cause why the commission's order of December 4, 1917, was not obeyed.

Complaint was made by the city of Alton that certain obligations in taxes, ordered paid when the commission granted the road permission to dismantle, had not been met.

STRICTURES ON PRICE FIXING UP BEFORE SENATE

Attacks Made by Group
from Both Parties Led
by Senator Reed

WASHINGTON, March 8.—Strictures on the government price fixing and the activities of the food administration monopolized today's session of the senate.

Led by Senator Reed of Missouri, Democrat, a group of senators of both parties made the attack. Charges that a general policy of fixing prices for farm products, not authorized by the food control law is being instituted, were made by Senators Reed and Borah who said the licensing power of the law was being so used that its actual result is an unauthorized price fixing program.

In a four hour speech teeming with bitter criticism Senator Reed also denounced the fuel administration asserting that Administrator Garfield had not got the truth regarding results of the coalless days' order which he described as a "lock-out" on eastern industries.

In the midst of the debate the senate adopted a resolution by Senator Salisbury of Delaware, president pro tempore asking the food administration for its authority in issuing an official bulletin requesting bids at fixed prices on tomatoes for the army and navy.

Senator Wolcott, Democrat, of Delaware, said Mr. Hoover had denied adoption of a farm produce fixing plan disclaiming authority but he and other senators insisted that acts of the food administration particularly under its wholesale and retail dealers' licensing power, was having that effect in actual practice.

"We would not have had so many meatless days if there hadn't been so many brainless days," Senator Reed declared. "A few more acts of the food administration and we will have bread tickets. I believe the efficiency of the United States has been reduced twenty per cent."

In securing the so-called voluntary agreement with refiners on sugar prices, Senator Lodge of Massachusetts, Republican, remarked, the food administration managed "to fix prices."

In criticizing the fuel administration Senator Reed commented upon Dr. Garfield's statement that as the result of the fuelless days 480 ships were released.

"I am sorry that Dr. Garfield gave out that statement, because it is not true," he said, adding that shipping board figures showed that fifty six less ships were released than under normal conditions. They stopped war power in Maine to get coal to bunker ships in New York harbor, he said.

"In order to understand the logic of that you have got to be a plain idiot," Turning to what he called inefficiency in the war department the Missouri senator said, General Pershing had notified the department not to send any more shoddy uniforms for American soldiers in France. The priority order by which coal was diverted for lake shipment to the northwest last summer was assailed by Senator Reed, who said he desired to congratulate Senator Kellogg of Minnesota for the business acumen displayed by the people of Minnesota in getting coal to the exclusion of other states. Senator Kellogg interrupted to say that only enough coal to meet the needs of the communities was sent to Minnesota.

BRITISH CASUALTIES FOR PAST WEEK LIGHT

LONDON, March 8.—For the first week in March British casualties were 3,343, the lowest of any week for several months. The official report for the week ending today follows:

Killed or died of wounds—officers, 63; men, 623.
Wounded or missing—officers, 179; men, 2,473.

The lowest previous week for several months was the last week of February, in which there were 3,571 casualties. The total casualties for February, a low month were 18,961.

ILLINOIS DOING BIT

Chicago, March 8.—One dollar out of every ten raised in the United States thru the sale of war savings and thrift stamps has been raised in Illinois, a statement made public today by the war savings committee, says. While figures are not complete it is stated those at hand show sales for this statement since the campaign began of approximately \$5,800,000 while the total for the country is \$70,000,000.

DECORATED WITH LEGION OF HONOR

Paris, Thursday, March 7.—Major James R. Barbour of the American Red Cross and Ralph Preston of the American relief clearing house, have been decorated with the Legion of Honor by the French government.

PREMIER RESIGNS

Madrid, March 8.—The Spanish cabinet, recently reconstructed by the Marquis de Albuemas, who in addition to being premier held the post of foreign affairs, resigned today.

War News Summarized

Clear skies have returned to the battle front in France and everywhere along the American, British and French sectors. There has been an increase in activity by the forces since it is believed that some change in a campaign.

Official reports devoid of description as they are, indicate that Verdun is once more the scene of heavy artillery action, but this may be only a preliminary to an attack on another sector.

The American lines near Toul are just to the southeast of Verdun and the continued activity along the front shows that the Germans contemplate serious operations there. Raids in force, such as were met by the Americans with the utmost fortitude and completely repulsed have not been repeated by German aviators continually over the American lines spilling out ammunition dumps, location of guns and the disposition of the American forces. It is revealed in late reports that the retirement of the Germans from Narva, west of Petrograd was a result of successful resistance made by Russian forces at the city of Jamburg, 68 miles southwest of the Russian capital. This resistance may be only a local instance of the disposition of the Bolshevik government to fight against further invasion of Great Russia, but it points to the fact that the Russians are still capable of conducting a defense which is effective.

The last details relative to the peace signed with Finland shows that from the Arctic Ocean to the Black Sea the German power is complete. It is reported that Finland has asked Emperor William to place his son Oskar on the Finnish throne. This, as was indicated a few days ago, absolutely deprives Russia of both shores of the gulf of Finland and makes Petrograd virtually an inland city, so far as foreign commerce is concerned.

Spirited fighting is going on in Italy. On the Asiago plateau the Teutonic allies have resumed their attacks on the Italian lines, while all along the Piave artillery engagements of considerable violence are developing. The Macedonian war theater too has become more active than usual. In four sectors along this front heavy artillery fighting is reported by the French official statement.

Another air raid has been made on London by the Germans. These raids are usually made by moonlight, but on Thursday night, brightly illuminated the northern heavens, seven or eight German airplanes crossed the east coast of England. The anti-aircraft fire was heavy and the machines were at first driven back but others attacking from the south managed to penetrate as far as the Metropolis and dropped bombs.

No objects of military importance were damaged but eleven persons were killed and forty-six injured. The British forces in Palestine have once more taken the offensive and have advanced over a front of eighteen miles long to a depth of three miles. The British are slowly moving northward along the valley of the Jordan from Jericho and are advancing their lines to the west to sweep the Turks completely out of that region.

Japan is not only ready to take vigorous steps in Siberia, but has indicated that she would welcome the assistance of the Chinese in operations which will have for their objective the safeguarding of entente allied interests in the far east. China has discovered that Germany planned to arm her soldiers held prisoner in Siberia and to send them against the Chinese northern frontiers. A new credit of 600,000,000 pounds sterling has been voted by the British parliament. This brings the total British war credits since August, 1914 to 6,842,000,000 pounds sterling or approximately \$34,210,000,000.

ATTEMPT TO WRECK CHICAGO THEATRE

CHICAGO, March 8.—Attempt to wreck the new Woods theater building was made tonight when a bomb was exploded on the first floor, but no serious damage was done and no one was injured.

Police declared that German sympathizers probably were responsible for the explosion since the first play billed for the theater, which has just been completed and will open in a few days, is said to be anti-German.

The explosion could be heard all over the loop and drew thousands of persons to the scene.

GIVEN SENTENCE FOR UTTERANCE AGAINST WILSON

Danville, Ill., March 8.—Fred C. Jones, aged 61, of East St. Louis, was found guilty by a jury in the United States district court today of having stated that President Wilson should be killed.

Judge Humphrey sentenced him to a year and a day at Leavenworth prison.

Carl S. Schnipp of Bible Grove, was found not guilty on a similar charge.

STRIKERS RETURN TO WORK

Springfield, Ill., March 8.—Forty brewery workers of the Reich Brewing company, who went on strike for higher wages yesterday, returned to work today after they had been advised by their national officers that the strike was in violation of a contract.

INCOME TAX REGULATIONS FOR FARMERS ISSUED

Rules Covers All Profits
or Income Received
In 1917

WASHINGTON, March 8.—Income tax regulations for farmers, issued today by Internal Revenue Commissioner Roper, provides that all gains, profits or income received in 1917 from sale or exchange of farm products whether raised on farm or purchased and re-sold must be included in the return. The regulations apply to all persons or corporations operating ordinary farms, ranches, plantations, stock, dairy, fruit or truck farms.

Deductions from gross income may be claimed only for expenses connected directly with farming operation for last year and made during the year even the crops on which the expenditures were made were not sold with a year. A former ruling that the cost of stock purchased for re-sale is an allowable deduction under the item of expense is annulled and these expenditures now regarded as capital investments. Consequently, when the livestock is sold the original cost may be deducted from the sales prices to ascertain the profit which is taxable.

Under the same procedure if the cost of stock or farm products purchased in any year previous to 1917 were deducted in returns of those years, and the stock sold last year the entire proceeds are to be included in the taxable income. This applies only to farmers who have made income tax returns heretofore. If this deduction had not been claimed, it may be taken from the selling price of stock last year to determine the taxable profit.

Farmers who keep books to some approved method of accounting which clearly shows net income and who take annual inventories may prepare their returns in accordance with their inventory record. Live-stock purchased for draft, breeding or dairy purposes may be included in the inventory for each year.

FINANCE BILL REVISED BY HOUSE COMMITTEE

Measure Reduced From Four Billions to Two Billions, the Maximum Amount of Bonds Which May Be Issued By Corporation.

Washington, March 8.—In completing its revisions of the war finance corporation bill, passed yesterday by the senate, the house ways and means committee today reduced from four billions to two billion dollars the maximum amount of bonds which may be issued by the corporation to aid in financing necessary industrial and commercial enterprises.

The committee agreed upon a capital issues section substantially similar to that in the senate bill, providing a voluntary licensing system for private security issues of \$100,000 and more instead of the compulsory licensing plan originally proposed by the administration.

Upon adjournment of the ways and means committee, Chairman Kitchen announced there had been so many changes made in the bill from its original draft as submitted by the administration that the bill as agreed upon be reintroduced tomorrow as a new measure. The revised draft he said, embodies many of the provisions of the original submitted by Secretary McAdoo and many of the provisions as agreed to by the senate. A favorable report on the measure was ordered with a view to having it taken up in the house next Tuesday.

STRIKE AT HOG ISLAND SHIPYARD SETTLED

WASHINGTON, March 8.—A strike at the Hog Island ship yard today was said by shipping board officials to have been due to a misunderstanding and has been settled by orders to former Admiral Bowles that double time shall be paid for overtime instead of time and a half.

When the wage adjustment board rendered its decision giving time and a half for overtime, there was a verbal agreement that double time should be paid in the construction trades, as in the general custom. Posting of the adjustment board's award precipitated the walkout of 250 machinists, 100 electrical workers and 4,000 carpenters. Mr. Bowles was unaware of the verbal agreement.

Objection by the men to changes in working hours was smoothed over when it was explained that Mr. Bowles had ordered the shifts to come to work in groups at intervals from 7 to 8 o'clock in order to reduce transportation questions. With 22,000 men going to work at the same time, much confusion and delay resulted.

ATHLETIC CARNIVAL OPENS

Philadelphia, March 8.—The ninth annual indoor athletic carnival of the Meadow Brook Club opened here tonight with athletes from all sections of the east and middle west competing. A large crowd, including many military and naval men was present.

COMPLETION OF WOODEN SHIPS AGAIN HALTED

Due to Shortage of Caulkers Which Officials of Shipping Board Said Was Due to the Refusal of Unions to Co-Operate.

Washington, March 8.—Wooden ships on the ways in the Puget Sound district, almost ready to launch in the race for tonnage to defeat the submarines, are being held up by a shortage of caulkers which officials of the shipping board said today was due to the refusal of two unions to co-operate. The caulkers union and the brotherhood of carpenters have been informed of the situation but without result. Immediate action is declared necessary to prevent a tie-up of the Pacific coast program and there is intimations tonight that the shipping board is prepared for some drastic steps if all other means fail.

William L. Hutcheson, president of the carpenters union, said he needed for caulkers and his attention called to the unreserved assistance being given by other shipbuilding unions to the nation during the war. Hutcheson, officials say, replied that his organization has listed thousands of trained caulkers, whom he would be glad to mobilize for the nation's work if the shipping board granted his request for special representation of the carpenters on the wage adjustment boards. The Caulkers Union of Seattle, which controls caulkers in the Puget Sound district is said to have refused apprentices permission to work with them in order to learn the trade, altho the union has only 185 members and at least six hundred are necessary to put in the water the ships planned for completion this year.

An effort to train fifty men for caulking provoked a strike of the experienced men who have been receiving wages and overtime said to be causing unrest between other employees. Means for remedying the situation which the shipping board has in mind has not been disclosed. Orders already have been issued, it is known, that ship managements are held responsible for the completion of the ships on time and they must use whatever men and machinery that can be obtained to put them out.

SERIOUS FIGHTING ON YPRES-DIXMUDE SECTOR

Germans Attack British Front of More Than a Mile—Some of the British Posts Forced to Fall Back.

London, March 8.—Serious fighting has taken place on the Ypres-Dixmude sector of the British front, according to the British official statement issued by the British war office tonight. A German attack on a front of more than a mile compelled some of the British advance posts to fall back, but later a counter-attack re-established the British line.

The text of the official statement follows: "Shortly before dawn today, after heavy artillery preparation the enemy delivered a strong local attack on a front of over a mile south of Houtholst forest. On a greater part of this front his attack broke down under fire of our troops. At one point however, on the left of our line where the attack was pressed with great determination and supported by troops carrying flame throwers some of the soldiers holding our advanced posts were compelled to fall back a short distance from a front of about 500 yards. After severe fighting later in the morning a counter-attack was launched by Yorkshire light infantry. It met with considerable success with the result that the enemy's troops were driven back a distance of three hundred yards beyond their former front line and heavy losses were inflicted upon them. Our positions are completely re-established. Our casualties in the enemy's region of attack and in the subsequent fighting were light."

"The Essex troops carried out a successful raid this morning east of Laventie and with little loss to themselves captured a few prisoners. Hostile artillery showed considerable activity today at a number of points particularly in the neighborhood of Elewanger, in the Ginchy, Neuve Chapelle and Armentieres sections and east of Ypres."

BRITISH TROOPS IN PALESTINE ADVANCE

LONDON, March 8.—British troops astride the Jerusalem-Nabulus road in Palestine have advanced their positions along a frontage of eighteen miles to a depth of three miles, the British war office announced today.

"Palestine theater: From Monday to Tuesday our line astride the Jerusalem-Nabulus road was steadily advanced. Little opposition was encountered. Yesterday the advance was to a maximum depth of three miles on a frontage of eighteen miles. "On Wednesday night the enemy blew up his bridge over the river Jordan at El Ghoranfeh. "During the week successful bombing raids were carried out by our aviators."

SUPERIOR COURT JUDGE DEAD

Chicago, March 8.—Martin W. Thompson for 17 years a judge of the superior court at Danville, Ill., died here today after a long illness. He was a brother of John R. Thompson of Chicago. He retired from the bench three years ago and moved to Chicago where he became general counsel for the John R. Thompson company operator of a number of dairy lunch rooms in various parts of the country. He was sixty years of age.

MILK CONDENSING COMPANIES REVOLT AGAINST PRICES

Reported Due to Unfavorable Market Conditions

CHICAGO, March 8.—The revolt of milk condensing companies against prices of milk set by food commissions reported today is due to unfavorable market conditions, according to J. J. Fitzpatrick, manager of the Borden company at Chicago. Mr. Fitzpatrick gave figures which he said he had heard from others in the milk business and which were only approximate. Roughly, he said, he understood there were 30,000,000 cases of condensed and evaporated milk on hand in the United States. Domestic consumption runs about 16,000,000 cases a year, leaving 14,000,000 for export. The government which fixes its own price for purchasing, has tonnage for only 4,000,000 cases a year.

With no visible outlet for nearly 10,000,000 cases condensaries are not eager to buy high priced milk to add to their stores," said Mr. Fitzpatrick. "The condensaries, I understand were not bound by various agreements reached for instance, at New York, Detroit and Chicago as to prices to be paid farmers. The distributors of straight milk alone were involved."

For the Chicago district which includes Southern Wisconsin, Northern Illinois, Northwestern Indiana and western Michigan, the price was at first fixed at \$2.83 per hundred weight to the farmer. This was arrived at by a commission which at the request of Food Administrator Harry A. Wheeler held prolonged hearings and went into every phase of the subject. Farmers, however, protested so vigorously that further consideration was given and a new price of \$3.10 was fixed.

Milk distributors are still paying this price, and up today the condensaries also, but the latter sent out the \$2.83 bid today. It is said that condensaries thruout the country have made proportionate reductions in their bids.

Farmers thruout the Chicago district were reported on the verge of a strike as a result. The price of \$2.83 was the first one fixed for Illinois by a milk commission, including Judge Lamb, representing Mr. Hoover which held prolonged hearings. Dairymen objected to the price as too low and after further conferences the price for March was raised to \$3.10 in Illinois. The big milk distributors agreed to the new price and at first the condensaries also said it. The milk producers it is understood will continue to pay it.

The first intimation of trouble came in an Associated Press despatch from Belvidere, Ill., where it was reported that the reduced price was offered by the Borden and other companies and that farmers were in consequence on the verge of revolt.

Have Not Received Word

Washington, March 8.—Food administration officials had not received word tonight of the refusal of Illinois condensaries to abide by price agreements made with milk producers. The agreements were voluntary and negotiated thru the good offices of the food administration which has no authority to fix a price for milk. The administration is powerless to enforce the agreements it was explained tonight and any action taken probably will be confined to mediation of the difficulty.

BRYAN AND CHAPIN LIBERTY LOAN SPEAKERS

WASHINGTON, March 8.—William Jennings Bryan and Charlie Chaplin were booked today for Liberty Loan speaking tours.

The former secretary of state will speak at the opening of the campaign April 6 at Little Rock, Ark. and spend two weeks in the west. The moving picture star expects to devote two weeks beginning April 15 on a tour of the south.

William S. Hart, another movie actor, will spend two weeks speaking in the west.

MOTION TAKEN UNDER ADVISEMENT

Chicago, March 8.—Judge Landis in the United States district court today took under advisement the motion of counsel for the I. W. W. to quash the search warrant by which government agents seized correspondence of the defendants.

FUNERALS

Jewsbury.

Funeral services for Mrs. Lucinda
Jewsbury were held from the family
residence, 703 West College street
Wednesday morning at 10 o'clock in
charge of the Rev. Mr. Cannon of
Pittsfield. There was a large gath-
ering of friends and relatives to pay
a last tribute of respect to the mem-
ory of the deceased. Miss Lorine
Dewese accompanied by Miss Mary
and same, "Abide With Me," and
"Haven of Rest." Burial was in Dia-
mond Grove cemetery the bearers
being Harry Jewsbury, Thomas Jew-
sbury, Roy Sayres, Fred Sayres, Roy
Davenport and Walter Davenport.

Middleton.

Funeral services for Miss Jane
Ann Middleton were held from the
Point church Friday afternoon at 2
o'clock in charge of the Rev. J. O.
Kirkpatrick. Music was furnished
by Miss Clara Ranson with Mrs. Ray
Vasey as accompanist. There were
many beautiful floral offerings and
these were tenderly cared for by Mrs.
David Coultas. Mrs. Carl Hemmrough,
Mrs. Leslie Lewis and Miss Grace
Middleton. Burial was in Liberty
cemetery the bearers being Vincent
Riley, Alex Ranson, Walter Fearney-
hough, Ira Patterson, David Coultas
and Charles Middleton.

Memor.

Jane Ann Middleton was born in
Woodhouse, Middleton Tyres, Eng-
land, July 4th, 1840 and departed
this life at 11:50 p. m., March 6th,
1918, aged 77 years, 8 months and 2
days.

When a child of about eight years
of age her parents removed from
England to America and came direct-
ly to Morgan county, Illinois. They
settled in the neighborhood south of
the new Wesley Chapel, better known
as the "Point."

The deceased is the elder daugh-
ter of Hodgson and Jane Middleton.
She was one of five children. The
baby Louisa died at sea and the de-
ceased had the strange experience of
seeing her little sister buried in the
ocean, neatly wrapped and weighted
the little one was lowered into the
bosom of the stormy deep. Her poor
mother and the other members
of the family had a long tedious and
sad journey in an old sailing vessel.

During the long life of the de-
ceased, she resided in the vicinity of
the old Hilton Middleton homestead and
the Megginson-Richardson neighbor-
hood.

Her childhood was spent much as
other children of that period. Her
education was obtained in the old
log school house. She was a woman
of remarkable worth to the commu-
nity in which she resided. She had
a good memory and as she read the
current news of the year, she treas-
ured much of it in memory and thus
added much to her store of knowl-
edge fitting her for the tasks which
made her a blessing to all who knew
her.

She taught for years in the Wesley
Chapel Sunday school and was deeply
interested in the welfare of the
church. She loved God's Kingdom
and was zealous for its advance-
ment.

She was a charter member of the
Wesley Chapel Woman's Foreign
Missionary society and for many
years was its honored president.

At the beginning of this present
conference year she begged to be re-
lieved of the burden of carrying
on the society, whereupon the so-
ciety elected another president but
made the deceased President Emeri-
tus.

She was ready to answer every call
that came with a reason. In church
she shirked not her duty and was
a cheerful and bountiful giver to
the cause of Christ.

In her infancy her parents gave
her to God and had her baptized.
The family in England were members
of the English Church or "Church
of England." She at an early day
became a member of the Methodist
church and faithfully endeavored to
follow Jesus.

One said of her, "She was my
teacher in Sunday School when I was
a boy," that boy has grown to be
a man of many years and many there
of that rise up and call her blessed,
because of her faithfulness. In her
departure the church in her various

GOVERNMENT GRAIN REPORT MADE PUBLIC

Grain in Farmers' Hands on March 1 Announced by Department of Agriculture—Percentage of Crops Which Will be Shipped Out of Counties Given.

Washington, March 8.—Grain in farmers' hands on March 1 as announced today by the Department of Agriculture was:

Corn, 1,292,905,000 bushels or 40.9 per cent of the 1917 crop.
Wheat, 1,112,720,000 bushels, or 17.1 per cent.
Oats, 595,195,000 bushels or 27.5 per cent.

Barley, 43,404,000 bushels or 20.8 per cent.

The percentage of the crops which will be shipped out of the counties where grown was announced as follows: Corn, 21.9; wheat, 51.2; oats, 32.0 and barley 38.8.

About 60.3 per cent or 1,905,723,000 bushels of the 1917 corn crop is reported as merchantable.

Stocks of corn on farms by important states (in thousands of bushels, 10,000's omitted) follow:

Ohio, 61,541.
Indiana, 85,443.
Illinois, 192,280.
Iowa, 151,359.
Missouri, 105,840.
Nebraska, 129,709.
Kansas, 35,892.
Kentucky, 55,282.

Of wheat: Ohio, 9,051; Indiana, 4,675; Illinois, 4,256; Minnesota, 13,912; North Dakota, 11,760; South Dakota, 11,966.

Nebraska, 2,753.
Kansas, 2,675.
Oklahoma, 1,782.
Montana, 2,515.
Washington, 3,506.

Much interest centered in the department of agriculture's grain report today, announcing the amount of grain on farms March 1. The quantity of wheat in farmers' hands was expected to be much lower than in other years, in view of the pressing demand the food administration has exerted to send the cereal to the Allies.

Corn of the 1916 crop on farms March 1, last year, amounted to 782,303,000 bushels, or 30.5 per cent of the crop, and of the 1915 crop, 1,116,559,000 bushels or 37.3 per cent was on farms March 1, 1916. About 17.6 per cent of the 1916 crop was shipped out of the counties where grown and 18.7 per cent of the 1915 crop so shipped. The proportion of the 1916 crop merchantable was 2,154,487,000 bushels, or 83.9 per cent, and of the 1915 crop, 2,127,956,000 bushels or 71.1 per cent.

Wheat of the 1916 crop on farms in 1917 amounted to 1,006,650,000 bushels, or 15.8 per cent of the crop and of the 1915 crop, 2,244,480,000 bushels, or 36.8 per cent was on farms March 1, 1916. About 56.7 per cent of the 1916 crop was shipped out of the counties where grown, and 61.7 per cent of the 1915 crop was so shipped.

Oats of the 1916 crop on farms March 1, 1917, amounted to 394,211,000 bushels, or 31.5 per cent of the crop and of the 1915 crop, 598,148,000 bushels or 38.6 per cent remained on farms March 1, 1916. About 28.4 per cent of the 1916 crop was shipped out of the counties where grown and 30.1 per cent of the 1915 crop was so shipped.

Barley of the 1916 crop on farms March 1, 1917, amounted to 33,244,000 bushels or 18.2 per cent of the crop and of the 1915 crop, 58,301,000 bushels, or 25.5 per cent of the crop was on farms March 1, 1916. About 43.5 per cent of the 1916 crop was shipped out of the counties where grown and 43.2 per cent of the 1915 crop was so shipped.

"TO THE PUBLIC"

The question has often been asked why the Gasoline I sell is so much better than can be had from other people. The answer is simply this: The gasoline you get from me is positively fresh. From the fact that my tanks are filled two or three times every day, and pumped out again, thereby keeping the gasoline in action. The gasoline does not stand there long enough to sweat and the water settle in the bottom of the tank, as it does where there is only a small amount of gasoline pumped. Besides, you save from 4 to 5c on each gallon you buy from me, because I sell it for the same money that the other fellow has to pay for it.

FREIGHT CAR ROBBER CAPTURED IN SPRINGFIELD

Proved to be Ex-Convict from Jefferson City, Mo., Penitentiary.

A colored man named Wilkerson was captured in Springfield Friday, who proved to be the man who robbed several freight cars on the Wash Wednesday night or early Thursday morning. It developed that three cars in the local Burlington yards were robbed at the same time. Wilkerson had some of the stolen goods on him, among it some silverware consigned to Waverly.

Wilkerson is from Missouri and had only been out of the penitentiary at Jefferson City, Mo., four days. He was sent to the penitentiary from Hannibal, Mo., for freight car robbing. He will be brought back here for trial.

HAVE PURCHASED WOODSON ELEVATOR

Farmers Grain Elevator Company of That Town Now Own Property—Will Take Possession Soon.

Woodson, March 8.—A deal was completed Friday whereby the Woodson Elevator Company transferred its elevator property at Woodson to the Farmers Grain Elevator company. The old firm has some grain in the elevator and will give possession as soon as it can be moved.

The elevator has been operated by Lewis, Lynd and Bradley, the latter having been located at Woodson for 29 years. Mr. Bradley's plans for the future are not known. The Woodson Farmers Grain company was organized about a year ago. Shortly after its formation an acre of ground was purchased from William Rook upon which it was expected to erect an elevator building.

Recently, however, negotiations were opened with the owners of the Woodson elevator which culminated in the purchase of the property. It was decided by the members of the new company that it would be good business policy to purchase a going concern rather than build at the present time and also that it eliminated competition, as it was a question as to whether the territory surrounding Woodson was large enough to support two elevators on a paying basis.

Fred J. Scholfield is president and Charles E. Reynolds secretary of the Farmers Grain Elevator company.

J. W. McAllister was a business visitor in Franklin and Waverly yesterday.

LIEUT. KEATING AT HOME

We have heard the expression, "speak of an angel and you will hear the rustling of his wings," and this was partly verified yesterday. Friday morning the Journal mentioned the promotion of the son of Mr. and Mrs. Edward Keating of this city and without any warning or being expected, the young man walked in on his unsuspecting parents yesterday morning and it is needless to say they were delighted to see him. The gentleman looks every inch the officer he is and he is making a fine record. He graduated some time ago from the naval school at Annapolis and is at present serving on a transport. There is a merchant crew managing the ship and a navy gun crew under a commander and lieutenants of whom the young man is senior.

He recently arrived in new York from France and says they were indeed glad to greet the men and the goods sent from this land. There is a bit of feeling in France that our country should have joined in the war sooner but of course that is a question not to be discussed now. He saw Edward Alexander who is a paymaster in the army and while he couldn't go far inland he was able to see something of the land and its people. He says the Germans have a wholesome fear of American destroyers and surely from all appearances they seem to be getting in their work on the cruel U-boats.

His leave of absence is short and he can be here but a few days. He was hardly expecting it at all as he had considerable business in the great city in the way of getting supplies and the like but he finished his duties and the commander kindly gave him a short leave which he greatly enjoys. He will give a good account of himself wherever he goes.

PHI ALPHAS WIN FROM SIGMA PI

Receive Unanimous Decision of the Judges in Annual Debate—Both Teams Presented Strong Arguments.

Phi Alpha triumphed over Sigma Pi in the annual debate held in the college chapel Friday evening. There was a large audience and the debaters were given close attention. Many of those present last night said that it was the best debate that had been heard at Illinois for a number of years and commented on the strong argument that was presented by the members of both teams.

The judges were J. H. Dial of this city, for many years superintendent of schools at Murrayville, A. D. Stevens, city attorney of Springfield and Willis J. Spaulding, city commissioner of Springfield. After some deliberation the judges gave a unanimous decision in favor of Phi Alpha which had the negative side of the question.

The question of debate was, "Resolved, That a permanent policy of price regulation should be established by the government."

Following the debate the Phi celebrated in their hall where stirring speeches were made by former members and a general jollification meeting was held.

The Sigs foregathered at the Peacock Inn and celebrated. The defeated Sigs were not downcast and the defeat was taken with good grace and plans were laid for the downfall of the ancient enemy next year.

DO YOU WANT TO BE PATRIOTIC?

If so, use all the Gasoline you can. The government needs fuel oil; all the explosive elements must be extracted from the crude product before it can be used as fuel. But, don't pay 24 or 25c a gallon for gasoline when you can buy it from C. N. PRIEST, the Ford Man, for 21c.

AUDREY LARSON WEDS CHRISTOPHER GIRL

Former Jacksonville Boy Married February 29 at Pinckneyville—Is Here With Bride Visiting Parents Mr. and Mrs. Alfred Larson.

The many friends of Audrey Larson son of Mr. and Mrs. Alfred Larson of 505 South Clay avenue will be surprised to learn of his marriage to Miss Alice Walker of Christopher, at Pinckneyville February 29.

The first intimation Mr. Larson's parents had of his marriage was Thursday when he arrived in Jacksonville with his bride for a few days' visit.

The groom was born and reared in this city and graduated from the high school in the class of 1915. He afterward was a student at Illinois College and also at Bradley Polytechnic at Peoria.

Some months ago he entered the employ of the Burlington railroad and for some time past has been second track operator for the road at Christopher.

His bride is the daughter of Mr. and Mrs. Evans Walker and is a native of Christopher. She is employed by her father, who is master mechanic of the Burlington at Christopher as stenographer. She is a young woman possessed of much personal charm and is highly regarded in her home city. After a few days' visit here they will return to Christopher where they will reside for the present.

THE AYERS NATIONAL BANK

LADIES' DEPARTMENT

Many a man has started a checking account for his wife, to teach her banking methods. It is a wise precaution. In these days of uncertainty it is well to guard against the unforeseen.

This bank welcomes Ladies' Checking Accounts. Special attention is given them. The little courtesies like a ladies' waiting room, special ladies' teller, and convenient check books, etc., are afforded of course.

Such an account enables a woman to keep an accurate account of her household expenses — to learn banking methods, and often times promotes thrift.

Relief from Eczema

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using a little zemo, obtained at any drug store for 35c, or extra large bottle at \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema, and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

CASCARA QUININE

The standard cold cure for 20 years—10 tablets form—safe, sure, no opiates—cures cold in 24 hours—grip in 3 days. Money back if it fails. Get the genuine box with Red top and Mr. Hill's picture on it.

Costs less, gives more, saves money.
24 Tablets for 25c.
At Any Drug Store.

You Get Better Cough Syrup by Making it at Home

What's more, you save about \$2 by it. Easily made and costs little.

You'll never really know what a fine cough syrup you can make until you prepare this famous home-made remedy. You not only save \$2 as compared with the ready-made kind, but you will also have a more effective and dependable remedy in every way. It overcomes the usual cough, throat and chest colds in 24 hours—relieves even whooping cough quickly.

Get 2 1/2 ounces of Pinex (60 cents worth) from any good drug store, pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. Here you have a full pint—a family supply—of the most effective cough syrup that money can buy—at a cost of only 65 cents or less. It never spoils.

The prompt and positive results given by this pleasant tasting cough syrup have caused it to be used in more homes than any other remedy. It quickly loosens a dry, hoarse or tight cough, heals the inflamed membranes that line the throat and bronchial tubes, and relief comes almost immediately. Splendid for throat tickle, hoarseness, bronchitis, croup and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

Avoid disappointment by asking your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest (it often prevents pneumonia). Nothing like Musterole for croupy children. Keep it handy for instant use.

SEVERAL SMALL FIRES AT VIRGINIA RECENTLY

Timely Discovery Prevented Disastrous Blaze at Home of Mrs. Beatrice King—Fred Collins Comes from Camp Logan to Visit Relatives—Other Virginia Notes.

Virginia, March 8.—Mrs. Ann Vieira of Jacksonville is making an extended visit with relatives in this city.

Virginia has narrowly averted several fires in the past week as the Gridley residence on West Springfield street occupied by Mrs. Beatrice King as a rooming house caught fire from sparks alighting on the roof and was discovered in time to prevent a disastrous fire. The same occurred Wednesday at the home of Phil Stout, the damage at each place being small, as holes in the roof was the extent of the damage.

Residents in this city viewed a strange phenomenon in the sky last evening much resembling the northern lights which were so plainly visible last fall. Last evening the slight was beautiful as many different colors of lights were seen. They extended from the earth to the center of the sky, turning from faint light to a fiery red and spots of light appeared in the southwest much resembling the appearance of light from a partially obscured moon, and giving the appearance of a moonlight night. The sights were best at 9:30, but it is not known by the writer just how long it lasted. It was first noticed at 7 o'clock and was at first thought to be a distant fire.

L. B. Games has purchased the drayage business of Dode Hudson and has employed Joseph Treadway who will conduct the business for him.

Mr. and Mrs. H. D. Way and son Walter and wife depart Monday evening for their recently purchased farm home in Richland, Wash.

The W. C. T. U. will meet this afternoon at the home of Mrs. Roberta G. Stribling.

Marcus King was an Ashland visitor Friday.

Mrs. Henry Campbell and granddaughter, Vivian Campbell, were guests of the former's son Howard at St. Johns Hospital Friday.

Miss Ethel McClure was taken to Springfield hospital and will undergo an operation Friday for relief from appendicitis.

Mrs. W. V. Hill completed a visit with friends in this city and returned to her home in Edinburg today.

Henry Sallee has moved his household goods to this city and with his family will occupy the Charles Wilson property until the completion of his new home.

Mrs. Edward Millner of Peoria is the guest of her parents, Mr. and Mrs. W. C. Bowman, in this city.

O. E. Logue departed today for a business trip to St. Louis.

Andrew Reither has returned to this city after spending the winter in San Antonio, Texas.

Fred Collins who is stationed at a training camp at Houston, Texas, is spending a furlough with his parents, Mr. and Mrs. Oscar Collins.

Mr. and Mrs. Edward Krone were Wednesday Jacksonville visitors.

Mrs. Anna DeFrates left Thursday for Detroit, Mich., where she has purchased a new Dodge touring car. Mrs. DeFrates will drive the car home.

THE Y. M. C. A. WAR COLLEGE

Men Prepare for Army Work—Those Accepted to Work in the Red Triangle Huts Must First Take Special Training.

"Ye Editor," who is now in Chicago attending the Y. M. C. A. War College has been requested to write a letter for the Journal telling something of his work there. The work is fine, or perhaps it would be more accurately defined by the word "wonderful."

In a general way, the public realizes that it is a wonderful work that the Y. M. C. A. is doing in this war. Less than a week in the atmosphere of the Y. M. C. A. college opens one's eyes to a greater realization of the grand work this organization is doing. Each day brings to us a greater insight into the work that has been done and is yet to do, so that the members of the February-March class (Feb. 19 to March 20) are looking forward eagerly to the work that is before us.

The faculty is working us hard, but no harder than they ought, and no harder than we expected. The day's work commences at 8 a. m. and lasts until 6 p. m., with two hours at noon. It consists of lectures and quiz sections with considerable outside reading to do. Some of the class periods are two hours long and some one hour.

During our four weeks they expect us to cram as much into our system as possible of the following: Y. M. C. A. History and Principles; History of Europe as it relates to events leading up to the war; Bible; First Aid to the Injured; Hygiene; Military which consists of lectures on military questions and drill; Physical Activities. The above subjects are required of all and in addition to them each must take either French or Physical Organization. I started with the French but after a consultation with the Dean, decided to change and take the Physical Organization.

The work of the regular faculty is supplemented by lectures by secretaries who have had experience in the cantonments or other kinds of Y. M. C. A. activities. To date we have had three of these additional lectures.

Just a word as to the class of men who are taking the course. They are mature men, and most of them, as I gather it, are making great sacrifices to do this bit for their country. Among them is a prominent judge, a man who has two sons in the army, and who has answered the call of his country in the only way he could—by entering the Army Y. M. C. A.

You people at home are no doubt wondering as to my future with the work. I am in the dark as to that by self. All that I know is that there is a probability of being called either to some cantonment or to work overseas. As a rule men are assigned to work in the cantonments, the experienced men being assigned to the overseas work. Men are called as the need arises and those of us who are on the reserve have as yet no knowledge when it may come.

Wilson M. Smith.

FUNERAL SERVICES FOR LATE G. W. MOORE

Veteran of the War Laid to Rest by
Comrades — Dr. F. S. Hayden
Made Address.

Funeral services for the late George W. Moore were held Friday morning at 10 o'clock at the family home 829 West State street. Mr. Moore was a man of simple tastes and the services were of a simplicity in accord with his life and character. Dr. F. S. Hayden without fulsome praise by inference pointed to the good strength and influence of the life gone out after so long a journey. Dr. E. B. Landis offered an earnest prayer and following the services at the house the cortege moved to Diamond Grove cemetery.

There Mr. Moore was laid to rest with the impressive ritual of the Grand Army of the Republic, and the fact he loved and for which he sacrificed some of the best years of his life formed a fitting drapery for his casket. Capt. J. M. Swales, commander of Matt Starr Post led in the service assisted by Major McDougall, E. C. Scott, Lycurgus Goheen and John Minter. Dr. Hayden offered the final prayer. The honorary bearers were members of the company in which Lieut. Moore served in Civil war days, C. Higgins, Taylor, Capt. John E. Wiggins, R. B. Stevenson, Capt. W. A. Kirby, W. H. Jordan and C. S. Jones. The active bearers were George and Horace Witty of Pleasant Plains; J. H. McCune of Ipava; Edward M. Dunlap, James Weir Elliott and J. W. Walton of this city. The flowers were cared for by Mrs. George Witty and Miss Catherine Chambers.

The Grace from the Past

In his especially appropriate words Dr. Hayden said in part:

In the atmosphere of this house built so long ago, in this presence dignified by the attendance of lingering veterans of the Civil War—and revering and cherishing the memory of a man called away in unusual ripeness of years—we cannot help marking the passing of a choice generation, and recalling again "the tender grace of a day that is dead." The very architecture of this home, made on the generous and graceful lines of spacious hospitality, and adorned with simplicity and chasteness makes us feel an influence from the past. In the presence of these veterans we say with Webster addressing the old Revolutionary heroes, "Venerable men, you have come down to us from a former generation." And as we recall the dignified manner, uniform courtesy and gentle bearing of the man we today lay to rest, we must wish that the simplicity of life—the patriotic unselfishness and graciousness of man-

ner of the past might be perpetuated by our children's children and forever.

No one dissents from the saying that life is the great teacher—a great teacher by its experiences, to those who pass thru them and life such as that of Mr. Moore's is an example to all serious onlookers.

But a late English poet uses a phrase, "the wisdom which comes with death."

Death opens a window thru which light from the other side illumines the earthly life. Death opens a door thru which a person passes from the half knowledge and surmise of earth's wisdom to fuller knowledge which characterizes heaven. Life is full of perplexing questions to which death may give the answer. The young man who erected this house left his bride in it and went to the nation's war in the southwest in '45. He returned to it later and completed it in its present beauty of line and proportion. No doubt he shared the perplexity of many why such a strife had to be injected into the nation's period of peace. The son-in-law of that man, the one whom today we bury, must often have asked himself questions about the Civil war in which he bore so gallant a part, questions hard to answer completely. Why such a fratricidal conflict? And if he with his veteran comrades had known, well why they were in it, namely, to remove the blot on the shield of freedom—must still have asked why this sort of bitterness was ever allowed to spring up in the land of freedom to cause so many years of painful strife, ending in years of hate and blood.

Death Unfolds Secrets

And today, this struggle of the nations, these drenching baptisms of blood, these holocausts of lives—this terror and starvation, anguish and riot of violence and devastation in Europe—matters of such keen daily interest to Mr. Moore as to all of us—why must it have been? Now he begins to know. Death has unlocked the casket and is letting the secrets escape.

"So for us all some secrets lie Deeply hidden from human eye, And in the hereafter angels may Roll the stone from the door away." But that revelation which comes after death is especially interesting and important when it discloses to our clarified judgment what it is that really constitutes a man. Under the glamor of the senses, a man may seem to be most nearly what accumulations he has gathered about him or even the achievements that are to be recorded of him in the world of larger action. But time brings reversal and sounder standards—"The captains and the kings depart The shouting and the tumult dies."

After a man dies the illuminating wisdom of heaven leaves these places and things in shadow and makes other things shine out. Death makes us sure that a man is what his principles are, his gentleness of judgment, his soundness of convictions, his affections and courage, his humility of mind and spirit of devotion to duty's call. And these things we find can make comrades of the simple and the learned, the retired farmer and the hero getting a world's applause.

So death lets light shine for us on the actual realities of religion. Sometimes I fear we hesitate to ascribe genuine religion to one whom we readily acknowledge God will own at last. One would not hurry to criticize harshly the church of Christ as narrow—nor disparage the value of exact formulas of faith, but may we not be more generous in accepting as God's children on earth those we anticipate will meet His welcome by and by; shall we be wise to exclude from the kingdom during the lifetime in spite of lack of subscription to our creed—or of membership in our ecclesiastical—those who, when death is enlightening, our eyes to facts,—we are hoping to meet somewhere again in the fields of the blessed.

And once again death throws a true light on the nature of true companionship. In a late widely read story there is the representation of a young woman who after a few brief joyous days of marriage lost her husband in the fields of France. Thereafter she sought to make a

home such as they together would have made and thus to keep him near in spirit. After two years someone comes to her from the battle front and for a sharp moment of anguish and joy she thought it was to say her husband was alive and coming home. That quickly passed and she realized that as it was—their intercourse since the barrier of flesh had been broken down, was purer, nearer, more perfect and exquisite than if she could have him with her alive again.

So entering into the privacy of domestic life in this house for a brief moment, may we not assure the bereft that a companionship more close and dear—more real—is provided. "Where spirit with spirit can meet: Nearer than hands and feet."

Springfield, Ill., March 8.—Francis W. Shephardson, director of the state department of registration and education, today appointed the following as members of the examining committee for architects: Emory S. Hall, Chicago; George C. Nimmans, Chicago; Herbert H. Witt, Peoria; Prof. J. S. White, University of Illinois, Urbana, and Henry Helmle, Springfield.

FURTHER GERMAN EXPOSURES.

Washington, March 8.—Further exposures of Germany's activities in Spain have been made by the Madrid newspaper El Sol. An official despatch received today contains an article from the paper quoting a letter written by the first Secretary of the German embassy at Madrid to Miguel Pascual, a well known Spanish anarchist, promising that the German ambassador would reimburse Pascual for his expenditures in promoting German propaganda. The charge is made that Pascual continued his dealings with German agents until as recently as last month.

GERMAN ATTACK SCRUBBED.

Hayre, Thursday, March 7.—An official statement issued here today says the Belgians crushed two sharp German attacks on the night of March 5. The first was against the Beverdick position over a front of two kilometers. It was stopped by artillery fire. The second was against positions held by a number of dismounted cavalrymen.

FINAL SESSIONS HELD BY NATIONAL PARTY

David G. Coates of Colorado, an Active Member in the Socialist Party Made Chairman—Other Officers Are Elected.

Chicago, March 8.—David G. Coates, former lieutenant governor of Colorado an active figure in the Socialist party and one of the founders of the non-partisan league, was made chairman of the national party at the final session of the first convention here today. His election as well as that of all other officers was without dissension and the ticket as finally adopted carried a representation of all of the several amalgamated with the new organization.

J. A. H. Hopkins, formerly New Jersey state chairman of the Progressive party was elected chairman of the executive committee and first vice-chairman of the party. Other officers elected were

Second vice-chairman—Miss Marie Brehem, Long Beach, Cal.; Secretary—Clarence E. Pitts, Chicago.

Treasurer—William E. Cochran, Baltimore.

Two additional vice-chairmen will be elected by the executive committee.

Ira Landreth of Tennessee was named chairman of the advisory committee. An equal representation of men and women was made by the convention in pursuance of its policy to make equal suffrage one of the main planks of its platform.

More than fifty women delegates have been attending the convention. There was a mild sensation toward the close of the session when Vice Chairman Hopkins in his speech of acceptance told the convention that Senator Boies Penrose "domineers and controls the destinies of the Republican party."

Hopkins said that while a Progressive state chairman he was frequently in touch with the office of George W. Perkins and cited several attempts of Senator Penrose to "barter" candidates with the Progressive chieftain.

Party will be opened in New York and Chicago and in several other cities as rapidly as permanent organization is effected. Altho he has not been in attendance at the convention Upton Sinclair was made a member of the advisory committee. Sinclair, a nationally known Socialist bolted with the several others from the July, 1917, convention of the Socialist party.

HAYES CONFERS WITH ILLINOIS REPUBLICANS

CHICAGO, March 8.—William H. Hayes, chairman of the Republican National committee saw members of all factions in Illinois Republican politics here today. He found it impossible to see everybody and so decided to remain over tomorrow which also will enable him to make an address before the Swedish-American Club. His visitors today included W. L. Porterfield, of the Republican State Central Committee of California; R. B. Howell, member of the National committee from Nebraska; David A. Mulvane, former member of the committee from Kansas; Attorney General Brundage of Illinois; former Governor Charles S. Deneen, who is expected to enter the senatorial primaries; Dr. William Reid, Fred Lundin and Harry Ward, political managers for Mayor Thompson; also, aspirants to the senatorship; Congressman Medill McCormick, also a senatorial aspirant; State Senator Clarence F. Buck, his manager, Speaker David Shanahan and Lewis H. Miner, Springfield, Ill., publisher.

CHAPIN

The Chapin Household Science club met at the home of Mrs. Minnie Antrobus, on Wednesday afternoon, March 6. A full program was enjoyed by all present. The roll call, "Early Illinois Governors" and a paper prepared by Mrs. James Guinane on "Early History of Illinois," with the Round table "Mistakes in the Life of Our Nation" made the program of historical interest. An excellent paper, on "Foods for Health" written by Mrs. Horace Anderson, emphasized the necessity of knowing the composition and nutritive value of food, its proper preparation and its combination with other foods. Delicious refreshments were served.

The Joy Prairie Coterie met at the home of Mrs. Harold Joy Wednesday afternoon, March 7. There were fourteen present and the Roll call was answered by "Motor Experiences." No special program was prepared, but all enjoyed a delightful afternoon. Light refreshments were served.

MUNDAY TRIAL
Morris, Ill., March 8.—Testimony to the effect that Charles B. Munday threatened to instruct the treasurer of the city of Chicago to withdraw a deposit of \$115,000 of city funds from the Illinois State Bank unless that bank accepted money paper which they had refused, was given by William Tholen, cashier of the Illinois State Bank in 1914 here today at the trial of Munday on a charge of wrecking the LaSalle Street Bank.

LOWDEN WILL ADDRESS

Springfield, Ill., March 8.—Governor Lowden left Springfield at noon for Chicago where tomorrow afternoon he will deliver an address to editors from all parts of Illinois summoned to a luncheon at the Hotel Sherman by the state council of defense. War questions will be discussed.

ISSUANCE OF CASUALTY LISTS DISCONTINUED

WASHINGTON, March 8.—Issuance of daily lists of casualties among the expeditionary forces abroad was discontinued today by the public information committee as the result of an order of the war department under which the names of the next of kin and emergency addresses of soldiers whose names appear on the lists hereafter will be withheld. The official explanation is that the purpose of the order is to keep information of value from the enemy. On being informed of the order the committee took the position that long lists of men killed or wounded would be worthless to the newspaper correspondents without the addresses, and a notice was issued advising the press, that in the future all news regarding casualties must be obtained from the war department. At the adjutant general's office it was stated that the lists with out addresses would continue to be sent to the committee and would be available there.

Unofficially it was said at the war department that General Pershing held that the publication of addresses with the casualty lists tends to disclose the identity of units in the trenches. Information which the enemy is so desirous of obtaining that many lives are risked in sending raiding parties to bring out a prisoner or two to be examined and questioned.

To the press the order means that each newspaper must depend upon messages to relatives to get the news of men from its own community who are killed.

MEXICAN BANDITS KILLED BY TEXAS RANGERS

CORPUS CHRISTI, Texas, March 8.—Five of thirty Mexican bandits who raided the Tom East ranch, south of Hebbronville, last night have been killed by posse headed by Texas rangers, and thirteen others of the band have been located and will be "accounted for before daylight" according to a message received here tonight from Hebbronville. None of the posse was injured.

Two of the bandits were killed in brush during the day the message said and three others were shot tonight when rangers encountered sixteen of the Mexicans forty miles southwest of Hebbronville while they were making a dash for the Rio Grande.

The Mexicans, who obtained large quantities of food supplies, an automobile and other loot at the East Ranch, cut telephone wires and the raid was not reported until today. The raiders said to be "Texas-Mexicans" fired no shots and carried their point by weight of numbers. They spoke English and appeared to be familiar with the ranch.

The pursuing posse are headed by Captain William Wright of the Texas Rangers and Sheriff Oscar Thompson and other officers of Jim Hogg county.

PLEADS GUILTY OF EMBEZZLEMENT

Danville, Ill., March 8.—James Turner, cashier of the First National Bank at West Salem, Ill., who yesterday confessed to a shortage of \$7,500 in his accounts with the bank, pleaded guilty of embezzlement in the United States district court today and was sentenced to five years in the federal penitentiary at Leavenworth, Kansas. Turner received his sentence within an hour after being indicted by a grand jury following his voluntary confession.

FOOD SITUATION IN SWEDEN

Stockholm, Thursday, March 7.—The outlook in Sweden for foodstuffs and fodder grain is disquieting said Minister of Agriculture Peterson in answering an interpellation in the riksdag today. The present supplies of breadstuffs will suffice until the first days of July and about 84,000 tons more of grain will be required to carry the country thru until next harvest. A total supply of 140,000 tons of oats will be required for the same period and of this supply only 12,000 tons are on hand.

CHARGED WITH EMBEZZLEMENT

Quincy, Ill., March 8.—William H. Bliss, 40 years old, for sixteen years cashier of the First National Bank of Dallas City, Ill., was arrested this morning at Dallas City and brought to Quincy where he was arraigned before United States Commissioner W. P. Martindale, charged with embezzlement. The exact amount of the shortage has not been determined. He was released under a \$20,000 bond tonight.

ADDITIONAL RULES FOR DRAFT

Washington, March 8.—Governors were notified today by Provost-Marshal General Crowder that all students in land grant agricultural colleges whose class standing places them in the upper third of the senior class may enlist in the quarter-master's enlisted reserve corps and will be placed by local boards in class 5, on the ground that they are in the military service.

VATICAN CIRCLES AROUSED

Washington, March 8.—Vatican circles are aroused over the article in the Brest-Litovsk peace treaty which implies the return to Turkey of Armenian territory held by Russia according to an official despatch from Rome today and the papal secretary of state is reported to have directed the apostolic delegate at Constantinople to take steps to obtain formal assurances regarding the fate of the Christian population.

WIDELY KNOWN SPORTSMAN

TAKEN SERIOUSLY ILL
Joplin, Mo., March 8.—Billy McCorney, widely known sporting man and boxing promoter, today was taken to a hospital here where he will be operated on tomorrow for appendicitis.

Mrs. E. M. Paul is the railroad station agent, telegraph operator and express agent at Elkader, Iowa.

JENKINS INQUEST HELD AT COUNTY COURT HOUSE

Coroner's Jury Recommend That Howard Finley Be Held to County Jury Without Bail—Much Corroborating Testimony—Plenty of Booze Available Before Shooting Occurred.

Oswald Jenkins, the young colored man who was shot by Howard Finley, another colored man, at an early hour Thursday morning, died at the Home Sanatorium Friday morning at 11:15 o'clock.

Coroner Charles A. Rose was notified and an inquest was held at the court house last night. The coroner's jury composed of Charles Jackson, foreman, C. L. Starks, John Easley, Charles Tinsley, H. H. DeWitt and Oscar Williams, clerk, returned the following verdict:

"In the matter of the inquisition on the body of Oswald Jenkins deceased, held at Jacksonville, on the 8th day of March, A. D. 1918, we the undersigned jurors, sworn to inquire into the death of Oswald Jenkins on oath do find that he came to his death by gun shot wound from revolver held in hand of Howard Finley. We the jury recommend that Howard Finley be held to the grand jury without bail."

Enclosed the large number of people present at the inquest last night to hear the evidence in the case there were present beside the coroner, Deputy Sheriff Howard Wannamaker, Attorney J. Marshall Miller representing Howard Finley, and State's Attorney Carl E. Robinson.

After each witness called had stated his case to the jury much time was consumed by the attorneys, coroner, and members of the jury in cross examining, and the inquest was not concluded until a late hour.

While much of the evidence taken was conflicting, the most of the testimony was to the effect that there was plenty of booze on tap at the Finley residence on North Sandy street Wednesday night. The presence of the liquor at this time was explained to the jury by the statement that a party was being held in honor of Mrs. Howard Finley's birthday. Beer and gin were served during the evening to make the occasion more festive. As the most of the guests, it seems arrived about eight or nine o'clock it is probable that at the hour of the shooting some liquor had been consumed.

During the evening there were present in the house six men and three women. It was stated at the inquest that about two o'clock Thursday morning, or thereabouts, Finley had a .32 calibre revolver on his person and to stop some fighting or wrestling which was going on displayed it. The first shot which was fired all witnesses agree was directed at the ceiling. As to the firing of the second shot the statements of the witnesses vary. Some assert that Jenkins was advancing on Finley with a sharp knife in his hand, held in a menacing manner. Other witnesses state that Jenkins had no knife and that he was not going toward Finley when shot.

No evidence was introduced at the hearing to show any particular bad feeling between Finley and Jenkins and there was no testimony showing that there had been any quarrel during the evening between the two. One witness stated that Finley had asked the men to be more quiet, when Jenkins asked what he had to do with it and started towards him. It was at this time, according to Mrs. Finley, that her husband fired toward

the ceiling in an attempt to scare Jenkins and make him stop. She asserts that her husband then told him to stop again, and that Finley also tried to get out of the door which was behind him to escape Jenkins. Failing in this attempt, and when Jenkins was almost upon him, he fired a second shot, the bullet taking effect in Jenkins' abdomen.

Mrs. Lillian Johnson, who accompanied Jenkins to the Finley residence on the night of the shooting tells a very different story. According to her version, she was getting ready to leave and was putting on her wraps, when Jenkins came into the room and was coming toward her to get his hat and coat, when Finley appeared at another doorway and began shooting. This witness stated that there were no words between the men before the shooting.

As stated previously there was plenty of drinking going on during the evening, and it is probable that old John Barclaycorn is, as usual, the real offender.

Among those who testified at the inquest were Dr. A. H. Kennelbrew, Douglas Norton, Wayman Fisher, Fred Shannon, Eva Chapple, Lillian Johnson, Carrie Finley and Simmie Knight.

New cauliflower. Douglas.

WILL FIX PRICES FOR FEED

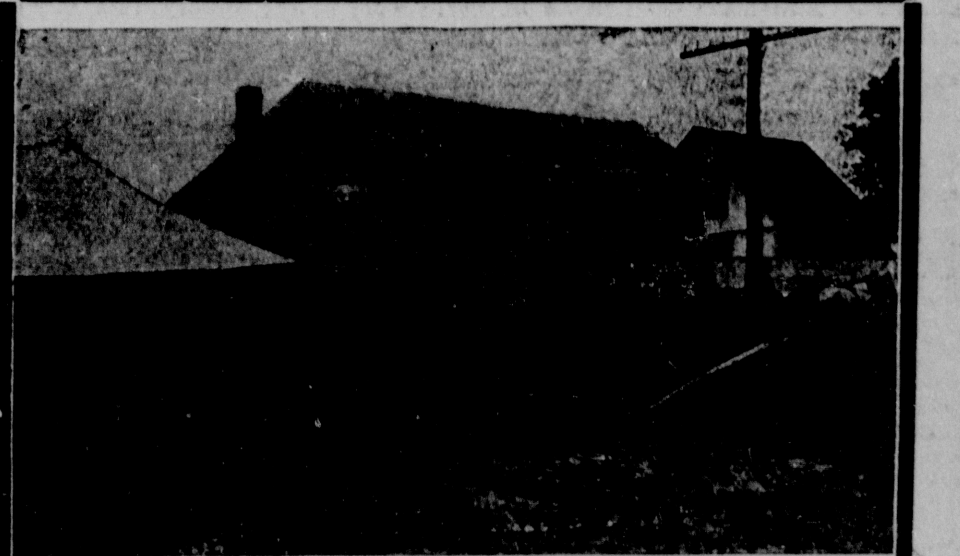

The federal food administration has a plan under way for the fixing of the prices at which feed stuffs shall be sold. The matter of prices for flour and other necessities was given attention some weeks ago and now the prices for feed will be given attention. The states food administration in an endeavor to determine the equitable basis upon which retailers should operate will hold a meeting for the retail dealers in feed stuffs at room 737 Conway building, Chicago, Ill., next Friday, March 15, at 1:30 p. m. Representative dealers in all the districts of the state are expected to be present at this meeting.

T. C. Patton in a recent letter to John L. Tayanman gives an interesting picture of his life in the army. Mr. Patton who enlisted some months ago at Jefferson Barracks, is now in the medical department and located at Columbus, N. Mex.

They accomplished the feat and all of the boys said Mrs. Smith surely furnished some feed. After the supper the evening was spent in singing songs and Miss Laura Smith gave some piano numbers. The boys feel grateful to Mrs. Smith for her kindness.

"TO THE PUBLIC"

The question has often been asked why the Gasoline I sell is so much better than can be had from other people. The answer is simply this: The gasoline you get from me is positively fresh. From the fact that my tanks are filled two or three times every day, and pumped out again, thereby keeping the gasoline in action. The gasoline does not stand there long enough to sweat and the water settle in the bottom of the tank, as it does where there is only a small amount of gasoline pumped. Besides, you save from 4 to 5c on each gallon you buy from me, because I sell it for the same money that the other fellow has to pay for it.

DEATHS

McGowan.

Funeral services for Benjamin McGowan were held from the residence, 125 1-2 North Main street Friday afternoon at 2:30 o'clock in charge of the Rev. Myron L. Pontius, pastor of Central Christian church. Music was furnished by Miss Lorine Deweese and W. W. Gilman. The flowers were cared for by Mrs. Thomas Holt and Mrs. Lewis Toler. Burial was in Jacksonville cemetery, the bearers being Eddie Lewis, Elmer Johnson, Prentive Lewis and Cecily Lewis.

Ash.

Death came as the hand of peace to Mrs. Rosaline Jane Ash, wife of Jesse Ash of Roodhouse, Friday afternoon at 4:20 o'clock after an illness of many weeks duration. Mrs. Ash had received treatment twice in Kansas City hospitals before coming to this city. When brought to Jacksonville last July by her faithful husband she was given no encouragement by the physicians. When the end came yesterday afternoon she had been a patient at Our Savior's hospital a few days over thirty two weeks. During the greater part of this time Mrs. Ash suffered severely but bore up bravely and with patience and fortitude awaiting the final summons. For the past eight or nine days she was unable to take any nourishment and on this account and the nature of her ailment rapidly became weaker.

Deceased at the time of her death was 60 years, five months and 23 days old. She is survived by her husband and other relatives. The remains were taken to the undertaking parlors of Williamson and Cody and prepared for burial. Last night Undertaker George D. Bundy of Roodhouse came to the city and will take the body to Roodhouse this morning.

No arrangements have been made for the funeral services.

Indiana Lady Describes Condition, Which She Says Was Due To Constipation and Tells of Relief Obtained From Black-Draught.

Scottsburg, Ind.—Mrs. Annie Johnson, of this place, writes: "I well remember I suffered for a long time with constipation, which would get me down. I took doctors' medicines and any number of purgatives. They would leave me in a worse condition than I was before taking, and my stomach so upset . . . I know once I suffered . . . from constipation, I was so ill we had to have the doctor, just so nervous and feverish. The doctor said I would have to quit medicines, my stomach was so bad . . .

My husband was reading and found something about Theford's Black-Draught and brought me a package to try. I used it regularly at first until I began to feel better, then I used just a dose occasionally. I was cured of this constipation and am sure the Black-Draught did it."

If your stomach is out of order, you will suffer from such disagreeable symptoms as headache, biliousness, indigestion, etc., and unless something is done, serious trouble may result.

Theford's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, helping to regulate the liver and to cleanse the bowels of impurities.

Try Black-Draught. EB-15

REMOVAL NOTICE

On, or about March 1st, 1918, we will move to quarters in the Arcade Furniture Store, 231 East State. We do not care to move more goods than necessary, so you will find plenty of bargain prices during the next 10 days. Our business is growing—we need room—this move gives more space and lower expense.

Hardly a Drugstore in the Land That Does Not Sell This Remedy

On the Market Half a Century.

When you are in perfect health, and are enjoying a strong and vigorous vitality, it is then that your blood is free from all impurities.

You should be very careful and give heed to the slightest indication of impure blood. A sluggish circulation is often indicated by an impaired

appetite, a feeling of lassitude and a general weakening of the system. It is then that you should promptly take a few bottles of S. S. S., the great blood purifier and strengthener. It will cleanse the blood thoroughly and build up and strengthen the whole system. S. S. S. is sold by all druggists. Valuable information about the blood supply can be had free by writing to the Swift Specific Co., 24 Swift Laboratory, Atlanta, Ga.

A Purposeful Formula

Senreco's formula is not "just a little of this and a little of that."

It was devised with a definite object in view.

The object was to produce a tooth paste possessing medicinal as well as cleansing properties—a real cleanser that could be depended upon to remove tartar and keep mouth and gums healthy.

The ideal defined, our laboratories set about to determine the proper combination to produce it. Senreco is the result. It has been tried, tested and pronounced good by hundreds of the profession. Try a tube. A single tube will prove every claim. Will show why thousands today use and demand Senreco—and are satisfied with nothing less. All druggists and toilet counters. Large 2 oz. tube—25c.

REBEKAHS WILL GIVE ENTERTAINMENT

Will be Given for Benefit of Red Cross—Twelve Petitions Received at Meeting Friday Night.

At the regular meeting of Jacksonville Rebekah Lodge No. 33 held Friday night plans were formulated for a play to be given March 22. A communication was received from Mrs. Irene Cooper, president of the Rebekah State assembly asking each individual lodge to give an entertainment, the proceeds to be given to the Red Cross.

The play will deal with the period of 1775 at the beginning of the Republic and will be given for Rebekahs and Odd Fellows and their friends. Rehearsals will be under the direction of Miss Lillian McCullough. Twelve petitions for membership were received at the meeting. It is expected to confer the degree of the order on the class the first week in April. Much enthusiasm was shown and the lodge is enjoying a healthy growth.

WINCHESTER HIGH SCHOOL BAND ASSURED

Entertainment Given at Lyric Theater Friday Evening Proves Success — Other Scott County Items.

Winchester, March 8.—An audience which taxed the seating capacity of the Lyric Theatre enjoyed the Winchester Minstrels given here tonight in the interest of the high school band. Superintendent of Schools C. W. Smith announced that with the proceeds from the play that over \$200 had been raised and that the high school band, so long anticipated and planned for, was now a reality.

The minstrel was a decided success in ways other than financial and was enjoyed by all at the Lyric tonight. All those taking part did well and showed ability in their parts.

Especially credit is due F. R. Waters, Roy Phears, George Mader, Guy Faul and Robert Sperry for their assistance in training the members of the cast, taking much of this work on the shoulders of the high school faculty, upon whom the work had previously fallen, and to W. W. Mosher and others who assisted in the work of decorating.

The orchestra which kindly donated their services and helped make the affair a success was composed of C. W. Banes, Paul Mason, F. R. Waters, John Coultas, Joe Roark, Russell McLaughlin, George Mader, and Ivan Hawk.

The band instruments will be purchased by the school and will be the property of the school, for the use of the members of the band, thus Winchester High is assured a band at all times, after the first band is organized and trained. F. R. Waters has kindly donated his services as director of the band and has consented to act in this capacity for at least the first year.

The following is the program as given at the Lyric tonight:

SCENE FROM CAMP LOGAN.

G. W. Arnold has placed in the window of the Journal office a number of scenes of camp life at Camp Logan. The frame contains the names of a large number of Jacksonville boys and other boys from adjacent towns in military police duty at that camp. Surrounding the names are photographic views. The whole is nicely gotten up and Mr. Arnold prizes it highly.

NOW IN NEW QUARTERS.

The Surgical Dressing Department of the Red Cross have moved to their new quarters on East State street in the Odd Fellows Temple and were working there yesterday afternoon. They are making Split Irrigation Pads and sent in 14 pads Friday and 15 pneumonia jackets.

ROTARY CLUB SOON TO BE ORGANIZED IN THIS CITY

Preliminary Steps Taken At Luncheon Held Friday—Peorians Will Assist in Organization—Rotary Clubs Elsewhere.

Jacksonville is soon to have a Rotary Club, preliminary steps toward organization having been taken yesterday. A luncheon was held at the Pacific hotel at noon yesterday, when temporary organization was effected by the selection of Frank J. Heintz as chairman and J. S. Findley as secretary. Provision was made for the appointment of several committees and within a short time the club will be organized in a permanent way.

For some months past Frank J. Heintz has been in correspondence with members of the Peoria Rotary club who have jurisdiction over the state and national organization in this locality. Dr. Collins, a representative of the Peoria organization, spent a day here not long since and when the local club is ready for permanent organization a number of Peorians will be present to offer suggestions.

The twenty-five charter members of the local club are the following: H. M. Andre, F. J. Andrews, F. J. Blackburn, F. H. Hode, E. A. Brennan, Frank Byrns, H. L. Caldwell, T. W. Callahan, H. M. Capps, E. E. Crabtree, W. D. Doying, W. L. Ray, Louis Frank, J. S. Findley, Henry Frisch, E. H. Gray, J. S. Hackett, Dr. J. R. Harker, Frank J. Heintz, Rev. M. L. Pontius, Leroy Potter, Dr. C. H. Rammelkamp, T. M. Tomlinson, F. J. Waddell, J. W. Walton.

Permanent Organization Later
As indicated only preliminary steps have been taken and the membership will be enlarged before permanent organization is effected. At the meeting yesterday G. B. Kendall, new county agent, co-operating with the Morgan County Farmers' club, was present as a guest and spoke briefly. He emphasized especially the thought that there should be a greater unity of action between the county and the city in communities of this kind.

Rev. M. L. Pontius told of attending a recent meeting of the Rotary club at Houston, Tex., and commented upon the fine spirit that the members of the organization there displayed. The speaker also referred to his stay at Camp Logan and paid tribute to the splendid work that the soldiers are doing there, it being the testimony of the minister that those soldiers who can be charged with immoral conduct are comparatively few.

Dr. J. R. Harker told of his observations of Rotary club work in California, where he happened to be at the time one of the annual conventions was held. He made reference also to Rotary clubs at Decatur and Danville. More facts about the club will be given when permanent organization has been effected and the purposes are more definitely outlined. The Rotary club, nationally speaking, is an organization for service, its purpose being to give rather than to receive.
